

ILLINOIS

IGT PeakSlant49™ Gaming Machine

Peak performance.

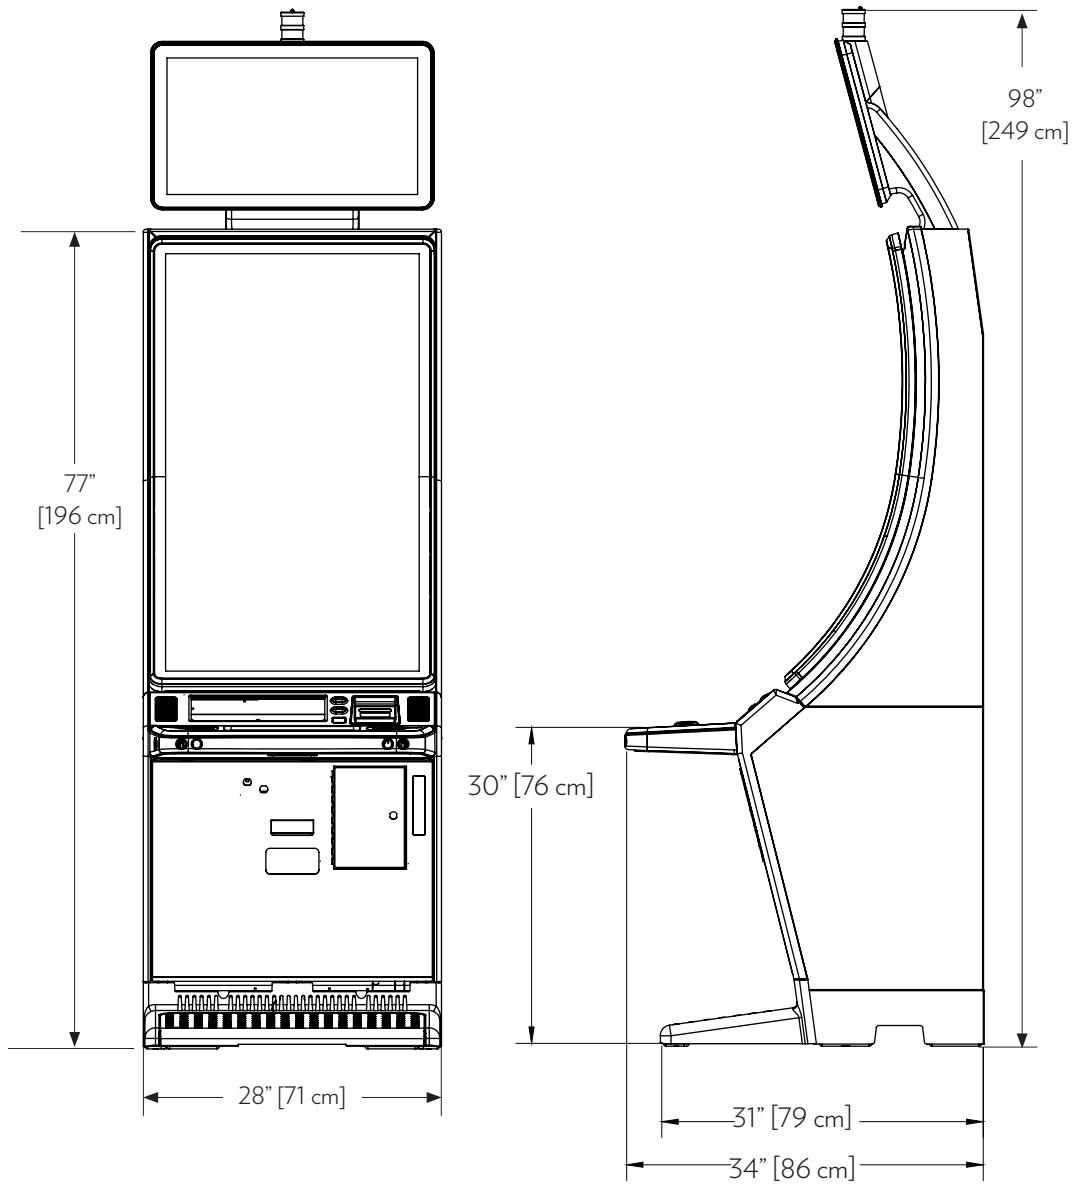

It's all about the game. Our new Premium cabinet brings games to life and delivers an immersive player experience through a progressive 49-inch Ultra High Definition display that improves the viewing angle, and a large 13.3-inch Dynamic Player Panel. USB and inductive wireless charging adds an additional layer of player comfort.

- Player amenities such as inductive wireless charging meld with modern cabinet design and ergonomic comfort features to attract players and increase time on device
- Sleek lines, larger screens, and rich game content make the PeakSlant49™ an eye-catching attraction that drives floor performance

Benefits and Features
