

Description:

The ICM, In-Line Coffee Merchandiser, is 96" tall with a 16" header. The ICM features a half-height slat wall with lockable double door storage cabinet, sturdy plywood frame construction, and LED light located inside the header. Shelves and baskets are easily configured to maximize merchandising opportunities around a self-pay unit or coffee machine. The slat wall under the rigid mid shelf has ample space for additional merchandising with shelves and hooks. The half Eurostyle Storage cabinet features a cam lock in each door (multiples keyed the same) and Full Overlay Self Closing hinges. One interior adjustable shelf and four shelf pins are included with each storage base.

Premium In-Line Series Fixture

A 96" tall coffee merchandiser with a countertop, merchandiser system, and eurostyle storage cabinets.
