

Big Sea Fishing is a brand-new competitive redemption fishing game that brings this popular sport and hobby to the arcade. Players are tasked with catching the most fish before the time runs out. Skill and timing are required to angle the hook to catch the biggest fish; the bigger the fish, the more points the player will get. Once a fish has been caught, the player must reel in as fast as possible to confirm the catch and add it to their score!

Skill-Based Competitive Fishing Redemption Game
