

Cotton Candy Robot

MODEL VX

Cotton Candy Robot

MODEL VX

Step into the future of sweet treats with the Sweet Robo Cotton Candy VX, a **marvel of modern technology that reinvents the way we experience cotton candy**. At its heart lies a robotic arm, engineered with remarkable precision to spin cotton candy not just with skill, but with an artist's touch, transforming every puff of sugar into a spectacle. **This isn't just a machine, it's a performer, capable of creating an array of shapes and designs** that turn each serving of cotton candy into a personalized work of art.

With a vibrant palette of colors to choose from, the Cotton Candy VX promises not just a treat for the taste buds but a feast for the eyes, making it an irresistible draw for events and a show-stopper in any venue. The machine's innovative design not only captivates audiences but also streamlines the cotton candy making process, ensuring efficiency and consistency in every fluffy creation. Its ability to adapt to various themes and preferences makes it perfect for any celebration, adding a touch of whimsy and wonder. **The Cotton Candy VX is more than a sweet treat; it's a centerpiece of attraction, weaving together the magic of technology and the joy of a classic favorite.** It stands as a testament to Sweet Robo's commitment to elevating everyday experiences into extraordinary memories.

Cotton Candy Showstopper

The Sweet Robo Cotton Candy VX isn't just a machine, it's a spectacle. Its robotic arm crafts cotton candy with flair, turning each serving into a mesmerizing performance of swirling colors and shapes.

On-the-Go Sweetness

The Cotton Candy VX is an easy to move spectacle in itself, capable of transforming any location. It turns less frequented areas into popular destinations and adds an extra layer of allure to busy spots.

Plug, Play, and Delight

Operating this machine is as easy as enjoying cotton candy. Its intuitive design and no-fuss cleaning mean you spend less time on setup and more on delighting your customers.

Sugary Profits, Minimal Effort

The Cotton Candy VX is a dream for entrepreneurs – it runs smoothly with little oversight, making it a sweet addition that boosts your bottom line without the need for extra hands.

Power:
Max 2,200 W
(110 V: 20 A; 220 V: 10 A)

Production Speed:
90 seconds

Payment System: Supports bill
acceptor, credit card readers,
and other payment systems

Dimensions:
W 134 x D 69 x H 200 cm
(52.8 x 27.2 x 78.7 in)
Weight: 380 kg

Capacity:
Up to 350 cotton candies
per fill

Features: Sound system,
sensors, touch screen,
tracking app, and more

Optional Machine's Protection for External Conditions

+ \$2,500

Strong and Durable

Made of high-quality materials to ensure resistance to mechanical damage and long-term use.

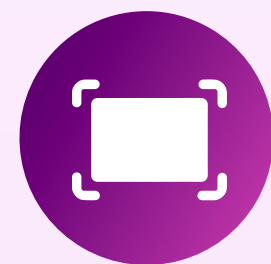

Waterproof Design

Fully resistant to rain, humidity, and other weather conditions, protecting internal components.

Shielding Against External Factors

Prevents dust, dirt, and debris from affecting the machine's operation.

Enhanced Protection for Screens

The vending machine's screens are waterproof, ensuring functionality in any environment.

Sealed Nayax Component

The Nayax payment system is additionally secured with a silicone seal for extra protection against moisture and dust.

Corrosion-Resistant Materials

Ensures longevity even in humid or coastal environments.

Return on Investment

INVESTMENT COST: \$15,000

COTTON CANDY COST: \$0.40
