

QUALITY AND EXPERTISE

ICS stands for quality ingredients and knowledge about the hot beverage market since 1973. Our ICS range comprises a wide selection of hot drinks and related products, excellent in taste and flowability and carefully developed for use in coffee machines.

Chocodrink

A chocolate indulgence ideal for those who are passionate about chocolate. It is a pure, chocolaty and joyful drink.

Recommended Dosage: 24g per 6oz of water

Cappuccino Vanilla Flavor

Our cappuccino combines a dark roast with creamy milk foam with a sweet vanilla flavor. Carefully developed for coffee machine use, you can expect your cup to be frothing to perfection with each and every serve.

Recommended Dosage: 24g per 6oz of water

Skimmed Milkpowder

100% Milk Topping that gives a hassle-free fresh milk experience. Perfect for making a frothy Cappuccino or Café Latte.

Recommended Dosage: 9g to 15g per 6oz of water
