IceBlu AI Freezer Market

Computer Vision

Connectivity

Flexibility

Security

Increase your revenue, future-proof your business and reduce theft with AI-powered computer vision technology in a premium freezer market.

FEATURES

With a larger capacity for frozen products, IceBlu is powered with the latest AI computer vision technology, allowing you to sell a wider variety of items, to increase your revenue.

- ✓ **Larger Product Capacity**
with 28 cubic feet of usable interior space, it is 20% larger than the competition.
- ✓ **Remote Management** of all sales, machine health & product inventory, along with different payment options (POS terminal or QR Code) for customers.
- ✓ **AI-Powered Computer Vision**
with 4 cameras accurately tracks individual product purchases and significantly reduces theft.
- ✓ **Intelli-Lock System** is designed to lock if the temperature rises above 0°F for 30 minutes.

30.5" W x 31" D x 78" H
