## COMPUTER ACCESS PANEL:

The new GT PGA TOUR Edition cabinet comes with an access panel that once unlocked from inside the deck, allows you or your service team to easily access the GT Titan system box, I/O board and Computer Identification Device for any service needed.

## NEW, SIMPLIFIED TV STAND:

Long gone are the days of bulky TV stands that take too much time to put together and could take out a knee. For the GT PGA TOUR Edition, we've re-envisioned the TV stand so that it is lightweight and slides right in to the back of the cabinet to take time off of installs and make the games much easier to move around your location.
