HOUSE OF THE DEAD SCARLET DAWN SDLX

MANUFACTURED BY: SEGA

2 PLAYER

House of the Dead Scarlet Dawn SDLX

DARE TO ENTER!

Horror has never looked or felt this real! House of the Dead returns in this special edition super deluxe cabinet so players can experience terror like never before.

Cutting-edge 'Unreal Engine 4' game graphics technology on powerful dedicated hardware brings all the zombies, characters and environment to life in incredible detail and quality. The game-changing controller is lightweight and uses unique vibration technology to produce a realistic recoil feeling.

Players will enjoy the five-dimensional full body experience thanks to immersive internal cabinet features. 5.1 channel surround sound with sub-woofer, high spec bass shaker, air canon and spot LED lights, all work together to produce a captivating, tense horror feeling that thrills players.

The zombie Horror-themed cabinet is unique with 3D molding gives a sense of zombies trying to escape the cabinet. Interactive features and colour changing lights accentuate the zombie shadows resulting in a chilling look that is impressive and attracts visitors in any location.
