Engage Card Reader

Captivate your audience.

The Engage cashless reader enables retailers to accept nearly every form of digital payment — including EMV chip and contactless, magstripe, mobile wallets, loyalty programs, and more—and features a vibrant color touchscreen to draw in customers and drive greater sales.
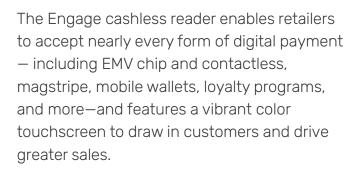

Utilizing the Engage to Your Benefit

The Engage is Cantaloupe's next generation touchscreen card reader. This all-in-one card reader and telemeter allows for quick and easy installation and upholds the highest levels of PCI PTS 5.0 security to keep your customers' data safe and your business protected. Through a brilliant, edge-to-edge 3.5-inch color touchscreen display, the Engage enables you to run customizable images to promote your business while captivating and engaging your customers. Plus, with the ability to accept nearly any digital payment, the Engage helps self-service retailers delight customers and increase sales.
