

G11 Cashless Kit

Enable cashless acceptance.

The G11 Cashless Kit allows retailers to accept digital payment options – including EMV contactless, magstripe, NFC card payments, and mobile wallets – and securely capture the critical transaction data required to improve machine performance and boost sales.

Benefit from the G11 Cashless Kit

The G11 Cashless Kit is our most popular option for accepting digital payments. PCI compliant and trusted by some of the world's largest self-service retailers, the G11 Cashless Kit allows you to accept any digital payment securely. With a telemeter that can be paired with either Cantaloupe's G Series card readers or your existing card reader, we provide you the ultimate convenience and flexibility in payment acceptance, all while connecting you to the real-time, remote data you need to improve business performance and boost sales.

G11 Cashless Kit Includes

- Card reader
- Telemeter

Key Features

- **Accepts digital payments**, including EMV contactless, credit/debit cards, mobile wallets, and loyalty programs.
- **PCI DSS compliant card reader and telemetry system** for highly secure payments.
- **Data encrypted** for secure transmission to Seed Live.
- **Verizon and AT&T 4G LTE high-speed wireless connections** for faster authentication and minimal downtime.
- **Competitive payment and processing rates** at every terminal.
- **Remote insight into machine health**, scheduling and servicing, account payment reconciliation, and reporting via the Seed platform.
- **Flexible design** offers multiple mounting options for increased accessibility.
- **Reliable hardware construction** for use in both indoor and outdoor retail locations.
- **Telemeter compatible** with both Cantaloupe and third party card readers.

Product Specifications

Typical Radio Configuration	Quad 2x2 MIMO transceivers
Device	G11 Cashless Kit (card reader + telemeter)
Manufacturer	Cantaloupe, Inc.
Availability	United States (Canada coming soon)
Processor	Cantaloupe, Inc.
Payment Methods	EMV Contactless, NFC/RFID, Magstripe, Mobile Wallet, MORE Loyalty Card
Size of Card Reader	Height: 4.1665" Width: 3.2386" Depth: 1.46"
Size of Telemeter	Height: 5.40" Width: 4.21" Depth: 1.54"
Air Interface	Verizon 4G LTE or AT&T 4G LTE with Diversity Antenna
Hardware Supported Connections	Serial, DEX, MDB

Seed software, designed for you.

With every purchase of a Cantaloupe device, you instantly gain access to Seed Live for real-time sales and reporting. Access additional Seed services for even greater efficiencies.

Smart Alerts

Know exactly what machines need to be serviced and when.

Intelligent Pre-Kitting

See what's selling out, and how fast, so you can restock locations with exactly what is needed.

Route Optimization

Automate route schedules and merchandising to eliminate out of stocks and wasted trips.

Single Interface

Manage all aspects of your business in one platform, for greater efficiencies and simplified processes.
