

THE UNCANNY X-MEN

THE UNCANNY X-MEN FEATURE MATRIX

MAIN ATTRACTIONS Stern Pinball presents Marvel's "The Uncanny X-Men" game based on the acclaimed comic stories "Days of Future Past" and "Mind out of Time". The world of the X-Men is brought to life with an extensive cast of iconic characters, devices and locations featuring Wolverine, Professor X, Magneto, Cyclops, Storm, Colossus, Beast, Rogue, Gambit, Cerebro, Sentinels, Mystique, the Danger Room, X-Mansion, Genosha and many classic X-Men allies and foes. Battle a 3 dimensional sculpted mechanically animated Sentinel embedded in the playfield that changes states based on player actions. The Sentinel also features mechanical hands that physically interact with the ramps and affect ball trajectory. Experience an innovative new playfield layout from designer Jack Danger that features several new crossing shots and ramps designs and an all-new interpretation of the conventional flipper array with a new playable area themed the "Danger Room". Stunning hand-drawn comic book style art by Zombie Yeti accompanied by an original custom X-Men soundtrack from Charlie Benante of Anthrax and Pantera fame. Players can extend the fun with Stern's award-winning Insider Connected™ system by discovering mutants with Cerebro and using their mutant powers in online Quests!
