

# WORLD'S LARGEST PAC-MAN & GALAGA

Have you ever wanted to play your favorite video game on a giant video billboard? Well here is your chance to play not one but two of the best games, PAC-MAN and Galaga on the World's Largest Coin-op screen. BANDAI NAMCO and Raw Thrills have partnered up to bring the biggest video game character to the high 108" LED display. Brand new 2 player simultaneous mode, with continue features allows you to go further than ever. The game also boasts an easy to use, programmable advertising feature allowing operators to take advantage of the huge screen to advertising their location, promotions or put a special customers name on the big screen (Birthday party packages).

Installed Dimensions: 69"W x (Varies)D x 105"H

Shipping Dimensions: 44"W x 78"D x 71"H
