RIDES

POPCORN

A truly immersive experience that blends HAUNTED HOUSE scares, ESCAPE ROOM thrills, and ARCADE action, yet *requires no attendant!*

Up to (3) players are locked inside and have five minutes to investigate the evidence and find the killer clown, before he finds you! *Players may end the game and exit at any time.*

Durable and self-resetting puzzles, along with plug and play replacement parts, and annual "EXPANSION SCENARIOS" ensure continued replayability.

Themed external "Attract Monitor" displays real time video of the players inside during gameplay. Cabinets are compatible with all card reader systems. One year warranty.
