

Box Stack

Box Stack is designed to stand out on the arcade floor with a straightforward challenge concept and strong visual presence that makes it easy for players to understand and jump into. Its stacking-based gameplay creates a satisfying skill element while keeping the experience approachable for a wide audience.

Built for repeat play and strong floor visibility, Box Stack is a solid fit for arcades, family entertainment centers, and amusement venues looking to add a skill-forward piece that blends easy player entry with competitive replay value.
